

### Scientific Program

#### 4th May 2018

13.45-14.00	Opening remark	Sutipong Jongjirasiri (RA)
<b>HCC Session</b>		
14.00-14.20	Medical point of view in HCC management	Abhasnee Sobhonslidsuk (RA)
14.20-14.40	Tips and tricks of superselective cTACE for HCC	Toshihiro Tanaka (Japan)
14.40-15.00	The power of transarterial chemosaturation	Alex Tang (Malaysia)
15.00-15.30	Coffee Break	
<b>HCC Session</b>		
15.30-15.50	IVR-CT: Is the game changing of TACE?	Nutcha Pinjaroen (CU)
15.50-16.10	Transarterial treatment in advanced stage hepatocellular carcinoma	Akeanong (Chulabhorn)
16.10-16.30	Microwave ablation for HCC: Is it just a trend?	Satit Rojwathcharapibarn (SI)

#### 5th May 2018

<b>Tumor Ablation</b>		
9.00-9.20	Anatomical review before start thyroid nodule intervention	Dong Gyu Na (Korea)
9.20-9.40	Radiofrequency ablation of benign thyroid nodules: Indication, outcome and complications	Dong Gyu Na (Korea)
9.40-10.00	Where we do stand in renal ablation?	Tze Min Wah (UK)
10.00-10.20	IRE for pancreatic cancer	Tze Min Wah (UK)
10.20-11.00	Coffee Break	
<b>Biliary Intervention</b>		
11.00-11.20	Challenging cases of malignant biliary intervention	Yasuaki Arai (Japan)
11.20-11.40	Role of transarterial treatment for cholangiocarcinoma	Vivian Klungboonkrong (KKU)
11.40-12.00	Role of HIFU in biliary tumor	Lian Zhang (China)
12.00-13.30	Lunch Symposium	
13.30-14.00	Special topic: Understanding evidence and clinical trials	Yasuaki Arai (Japan)
<b>Lymphatic Intervention</b>		
14.00-14.20	Lymphatic system anatomy: comprehensive review	Masonori Inoue (Japan)
14.20-14.40	Embolization technique of intraabdominal lymphatic leakage	Ji Hoon Shin (Korea)
14.40-15.00	All about chylothorax from IR perspective	Masonori Inoue (Japan)
15.00-15.30	Coffee Break	
<b>Lung and Prostate intervention</b>		
15.30-15.50	Percutaneous lung biopsy: Technique and complications	Keerati Hongsakul (PSU)
15.50-16.10	Percutaneous cryoablation for lung tumors: Shall we start now?	Masonori Inoue (Japan)
16.10-16.30	Role of embolization for prostate cancer	Ji Hoon Shin (Korea)

#### 6th May 2018

<b>Miscellaneous</b>		
9.00-9.20	Chemo port: How interventional radiologist do it?	Tarintorn Teerasit (RA)
9.20-9.40	How to fix chemo port complications?	Yasuaki Arai (Japan)
9.40-10.00	Role of interventional radiology in pancreatic cancer patient	Toshihiro Tanaka (Japan)
10.00-10.30	Coffee Break	
10.30-12.00	Extreme interventional oncology cases	Yasuaki Arai, Alex Tang, Keerati Hongsakul, Nutcha Pinjaroen
12.00-12.15	Closing ceremony	Sutipong Jongjirasiri (RA)
